The newsletter for children and young people with disabilities and additional needs in Cardiff and the Vale of Glamorgan

Cardiff Index is live! p2
Summer Fun p9
Inclusivity at Infinity p12

Since our spring edition we have been working closely with the Cardiff Family Information Service to develop a Cardiff Index. As this issue is the first to cover Cardiff and the Vale, it is packed with even more information and support, giving families access to information on what’s on across both counties during summer 2016!

The Family Information Services have been out and about continuing to promote the Index. We continue to attend events and visit schools, parent groups, health professionals and support organisations to let as many people as possible know about us.

We currently have over 400 families registered across the Vale of Glamorgan, and we are looking forward to seeing many more families across Cardiff signing up over the coming months. We have been working in partnership to produce a new information leaflet to promote the Disability Index. To request a hard copy, please contact your local Family Information Service or download a copy on the website: www.cardiff-fis.info/ www.valeofglamorgan.gov.uk/disabilityindex

Don’t forget to like Cardiff Family Information Service and Vale Family Information Service on Facebook to keep up to date with information on childcare, events and activities this summer.

I hope you enjoy the summer newsletter, and wish you the sunniest summer that Wales can bring!

Julia Sky
Disability Index Administrator
01446 704 736
disabilityindex@valeofglamorgan.gov.uk

The Index is funded by Welsh Government’s Families First Grant.

The Index is live in Cardiff!

Do you live in Cardiff?
If so, then good news, The Disability Index is now available in your area.

Register with the Index and you will be able to receive useful information about what is going on in Cardiff for children with additional needs.

In addition to your quarterly newsletter you can receive regular e-mail bulletins along with easy access to all the other information and guidance we can provide about support services, childcare, activities and events.

Since going live in April we have been working with a range of services to raise awareness of the Index in Cardiff and have attended a number of events and activities at schools and hospitals to explain what it is about and what we do as a Family Information Service. This has already resulted in quite a number of Cardiff parents registering their child to be on the index and professionals wanting to know how they can support it.

You can register to be on the index by:
• Visiting our website at www.cardiff-fis.info/parenting
• E-mailing us at DisabilityIndex@cardiff.gov.uk
• Telephone 029 2035 1700

You can also follow the Cardiff Family Information Service on Facebook and Twitter to receive regular updates of what is going on in Cardiff.
Caudwell Children is a UK wide charity supporting families who have a child with a disability or life limiting condition. We support children from birth to their 19th birthday to ensure that they get the vital practical and emotional support they, and their family, need in times of crisis.

The charity is able to provide funding towards essential equipment, treatment and therapies that can enable a child to reach their full potential including wheelchairs, sensory equipment, therapy tricycles and specialised buggies.

In Wales we have a family support team made up of staff and volunteers who are able to provide support to families in their home environment. Support can include helping families to access a wide range of services and funding available to them, emotional support to family members and practical support to enable a child to develop confidence and self-esteem, social and communication skills and access activities in the local community.

As long as the family are earning less than £45k per annum (not including benefits) and the child has a diagnosis or is in the process of getting a diagnosis, we can help them.

For more information please contact Anna on 07824431868/ Anna.Morris@Caudwellchildren.com or visit www.caudwellchildren.com

CAUDWELL CHILDREN

Independent Living Skills

Are you 14 – 18 years old and living in the Vale or 14 -25 years old and living in Cardiff? Do you want to learn new skills and have fun? If you answered YES, then the Independent Living Skills programme is for you!

Our service provides person centred planning and tailored support to enable young people to develop their independent living skills. Support is provided through group work and one to one support and can include community safety, travel training, cookery, using money, joining a local club, social skills, and confidence building.

If you are interested in finding out more please contact Joanne Harper, Heather McDowall or Martine Palmer at Barnardo’s on 02920577074.

Every year in Wales approximately 70 children are born with cerebral palsy. Bobath Children’s Therapy Centre Wales provides specialist therapy to children from birth to 18 years, with the aim of improving their quality of life through increased function and wellbeing.

Trained physiotherapists, occupational therapists and speech and language therapists work closely together to look at the individual needs of each child.

Over 75% of Bobath Wales’s funding is raised through fundraising and without the public’s support they would be unable to continue providing their much needed service.

Thimble Monkey Superstar has been a big hit with the children who’ve read it because it’s a fun, funny story. Hopefully it will lead to a series and many more children will get swept up in the adventures of Jams and Thimble.

Right from the start, we have involved Bobath Wales in the promotion of the book. Bobath, an important provider of therapy for children with cerebral palsy, are selling the book on their website and taking part of the proceeds.’ - Jon Blake, Author

To purchase the book go to http://www.bobathwales.org/shop/thimble-monkey-superstar-by-jon-blake/

About Bobath Wales

“I really enjoyed reading this book; it was so refreshing to have a main character with a disability without that being a major theme of the story… A great book for all children!”
- Jenny Carroll, Director and Consultant Physiotherapist

“We are delighted that Jon, whose son Jordi has attended Bobath Wales for treatment and Firefly Publishing have chosen Bobath Wales to benefit from the sale of this really funny book.”
- Gail Griffiths, Head of Fundraising

For more information about Bobath Wales please contact:
029 2052 2600 / info@bobathwales.org / www.bobathwales.org
Positive Interactions Sensory Bus

Our bus has now been converted into a mobile sensory room, and is available for hire!

Sensory rooms can have benefits for everyone, but can be particularly beneficial for children and adults with additional needs, behavioral problems, sensory processing disorders, disabilities including dementia, Autism, brain injury, chronic pain and for those in palliative care.

The bus is split into two rooms. One is fully accessible to wheelchairs, with bubble tube, projector, fiber optics and beanbags. The other room is up two steps to the rear of the bus and is a U.V room with a glow in the dark space theme.

Prices start from £20 per hour for parent/carer sessions, and the bus is exclusive to you. All users must be accompanied by a responsible person at all times.

To find out more contact us:

New Neurodevelopmental Team

A new service for children and young people with neurodevelopmental disorders including Autism Spectrum Disorder (ASD) and Attention Deficit Hyperactivity Disorder (ADHD).

Our Aims (in line with Together for Children and Young People strategy)

- A single point of access for the assessment, diagnosis and intervention for neurodevelopmental disorders. (GP or health professional can refer to the team)

- Individualised care pathway for children and young people with ADHD/ ASD as per NICE guidelines.

- Better understanding of ASD and ADHD across all agencies, in order to effectively support children and young people and their families/carers.

- Drawing together the skills of the multidisciplinary team and working closely with existing services and third sector agencies.

Team members: Child and Adolescent Psychiatrist; Clinical Psychologist; Nurse Specialists; Speech and Language Therapist; Occupational Therapist; Co-ordinators; Pharmacist

SHINE CYMRU

Shine provide specialist support from before birth and throughout the life of anyone living with spina bifida and/or hydrocephalus, as well as to parents, families, carers and professional health and social care staff.

We work on a national and local level to provide these services through the following specialist service teams:

- Support and Development Team  
- Health Development Team  
- Education Advisory Services  
- Occupational Therapist Development Worker  

Through our regional structure these teams are accessible in your area in Wales and, once contacted, Shine will do everything possible to ensure that you receive all the information and support you need.

Some of the initiatives specifically designed for our younger members include:

Sêr Bach / Little Stars - Shine Cymru’s Early Intervention Project

This project focuses on developing and delivering early intervention, providing support to parents-to-be who have received an ante-natal diagnosis of spina bifida and/or hydrocephalus, new parents, and parents/carers of children aged 10 years and under. It empowers and helps these children to lead healthy and happy lives, through greater independence, better condition management and through links to the Shine community. The project is funded by Welsh Governments Sustainable Social Services programme.

This is Me! is a club designed to link together 11 – 18 year old members with spina bifida and/or hydrocephalus.

To get in touch e-mail:  
wales@shinecharity.org.uk or  
call 01733 555988  
Like our Shine Facebook page:  
at www.facebook.com/shineUKcharity  
www.shinecharity.org.uk
LITTLE EXPLORERS

Little Explorers is an inclusive pre-school group for children of all abilities to attend with their parents/carers. Each session has a different theme and is based on sensory play, craft, massage, imaginative play, stories, rhymes and Makaton which is particularly beneficial for those with special and additional needs.

Wednesdays during term time from 1.45pm – 2.45pm
Venue – Lower Penarth Community Centre, Brockwill Way, Penarth

Thursdays during term time 10.00am – 11.00am
Venue – St David’s Methodist Church Hall, Winston Road, Barry

Term time sessions cost £4.35 per child and £2.35 for each additional sibling.

Sessions throughout the summer holidays cost £4 per child and £1 for each additional sibling (times, dates and venues may vary, so please contact in advance)

To ensure your place at the session, booking in advance is advised (but not compulsory) as spaces are limited and sessions can then be planned specifically for those attending each session.

For further information join the Little Explorers Facebook group where you can send me a message or email me at virginia@parentsandtotscorner.co.uk

SNAP Cymru – Family Partnership

We want to ensure families have access to information, advice and guidance about the Special Educational Needs of their children 0-25. We want the views and wishes of children and young people listened to and, along with parent’s views, used to inform and influence the development of SEN policy and practice.

• We listen to your concerns
• help you prepare for meetings
• help with paper work
• help you communicate with the school and resolve disagreements early on
• provide training on SEN, Exclusions and Play for professionals, parents and volunteers

We are looking for volunteers to support us in this work. See website for details.

You can find relevant information including detailed leaflets and FAQ’s on the website www.snapcymru.org

Helpline
0845 120 37 30
Monday – Friday
9.30 am – 4.30 pm, an answer phone is available at all other times. We will call you back if you’ve left a message.
**KEYCREATE – Drama and Music Workshops**

KeyCreate is a brand new organisation delivering high quality drama and music workshops for children and adults with disabilities. Workshops are facilitated by Dave Morris, who has a professional background in drama and is a performing musician, and with over a decade’s experience of working within the arts and disability sector.

KeyCreate has run workshops in special schools including Ysgol y Deri, and regularly runs workshops for Adult Day Services and Sense Cymru, in Caerphilly. Using elements of live music, storytelling, drama, arts and crafts, music, games, sensory activities and therapeutic techniques, KeyCreate is able to bring about a fun, creative and educational experience for everyone.

“It was 100% inclusive”

“I loved how genuinely celebratory it was of the input from each child, no matter how small. It’s really that which makes it special and needed and different from mainstream music classes where we are self-conscious that [our child] can’t hold the instruments or sing like the other kids.”

“I want all parents of kids with special needs to know about it!”

For information on upcoming events this coming Summer check out www.facebook.com/keycreatewales or book your own bespoke workshop and contact Dave at davebobmorris@hotmail.com or 0781001 8165

**AUTISM FLEDGLINGS**

- With over 20 years of collective experience, Autism Fledglings offers a range of services incorporating Applied Behaviour Analysis/Verbal Behaviour Teaching techniques.
- These include providing consultancy for: home programmes, special school, nursery, mainstream inclusion and respite centres.

ABA/VB is the application of scientific principles to teach behaviours/skills that are important for your child. Positive reinforcement is hugely emphasised, and therapy focuses on motivating your child to learn. Verbal behaviour programmes are comprehensive, and address all skill deficits that your child may have, such as: cooperation, communication, play, self-help, social skills and academia.

The first skill we will teach your child is how to cooperate. We teach this skill by identifying all forms of potential reinforcement in your child’s environment and then use these to motivate your child to cooperate and learn.

In order to help quickly reduce any inappropriate behaviour we will teach your child to communicate their needs and wants using a system that is appropriate for them e.g. speech, sign language, PECS or a communication aid.

At Autism Fledglings we specialise in developing speech using a variety of procedures such as behavioural techniques, Talk Tools, tactile cueing, Kaufman and Nuffield.

www.autismfledglings.co.uk
kerry.autismfledglings@gmail.com
We all love to bounce here at Infinity and we believe that everyone should have the opportunity to join in on the action! We have set up our Inclusivity sessions to provide a safe environment for children with additional needs to come and play, relax and have fun!

Trampolining will strengthen bones and encourages fitness. Incorporating a jump session into your child’s routine means they won’t shy away from physical fitness and will improve motor skills.

Our Inclusivity sessions are run weekly. The staff will be the same each week and will get to know your child. Regular visitors will soon build relationships with staff members and other customers meaning your child can flex their social skills with familiar faces each week!

Autism was the focus when designing these sessions but they really are open to anyone who would benefit from a quieter session at the park.

It is very important to us that Infinity is accessible to everyone and everyone that comes has the best possible time. We welcome any feedback from sessions.

Inclusivity @ Infinity runs every Tuesday 5.00 – 6.00pm for 18months +

Infinity Trampoline Park, 4 Pengam Road, Cardiff, CF24 2RQ

If you would like to book onto a session or would like more information please contact us:

029 20003323 / community@infinitycardiff.co.uk.

Visit our website www.infinitytrampolinelpark.co.uk or view our Facebook page: Infinity Trampoline Park Cardiff

YSGOL Y DERI SUMMER TERM UPDATE

Classes from our Primary Department went to Bristol Zoo, a fantastic day was had by all!

Ysgol Y Deri would like to say a HUGE thank you to the Rotary Club of Penarth for inviting us on your trip to Folly Farm - all pupils that attended had a great time.

Our Sixth Form pupils recently enjoyed a residential trip to Kiln Park. Activities included visiting The Dinosaur Park, Oakwood, Folly Farm and Bluestone, as well as Mackerel Fishing and a trip to the beach. All pupils had a fantastic time and were able to practice some of their life skills and experience independence.

Ysgol Y Deri will be working in partnership with the Play Development Team to deliver play provision over the summer holidays.

If you would like more details please contact Stuart or Marie-Claire, Family Engagement Officers on 02920 353380.
