Happy New Year Readers

I hope that you’ve all had a lovely start to the year so far and enjoy reading the first newsletter of 2018, the 24th issue of The Index.

Since the last issue, a lot has been happening to promote The Index to professionals and families across Cardiff and the Vale.

After completing Families First’s Accredited Course on Disability Awareness along with colleagues in the Vale Council, we were invited to be presented our certificates by Mayor Janice Charles at the Mayor’s Parlour in Barry in November (see photo).

We were one of over 50 exhibitors at The Welsh Autism Show (page 5) with over 1,200 visitors attending, we joined Ty Gwyn Family Centre in celebrating 10 years of supporting families (page 10).

We attended Barnardo’s Family Fun Day and Barnardo’s ILS Consultation Event (page 6) as well as Vision 21’s AGM (page 8), and Parents’ Federation’s Understanding Disability Awards (page 9).

We have met families at Cardiff’s Early Years Parent Support Group (page 13) and Oshi’s World and KeyCreate’s Free Family Playgroup (page 11), as well as consulting with Vale families on barriers to accessing childcare (page 4).

It’s been a busy few months!

If you know of any events that you think your local Family Information Service should attend or promote, please get in touch.

As always if you know of any families who would benefit from signing up to The Index, they can do so via our online registration form or through contacting us directly.

We are looking forward to seeing what 2018 has to offer, and hope you are too!

Happy Reading!

A Big Thank You from Vale Family Information Service

Your Views Heard

Vale Family Information Service would like to thank all families who took part in our recent consultation on barriers to accessing childcare.

Parents and carers of children with additional needs in the Vale talked to us about the barriers to accessing childcare, in particular for going back to work.

Through talking to families, we have identified a need to improve the information which is held on existing childcare provision and the information provided to families who are in search of appropriate childcare for children with disabilities or additional needs.

Festive Fun

The Vale Family Information Service hosted a free Christmas Party for families within the Vale of Glamorgan on Wednesday 13 December at Barry Leisure Centre.

Over 500 children, young people and parents attended!

Over 20 organisations that support children, young people and families in the Vale, came together to offer a range of Christmas themed activities, crafts and games. There was also music, magic and a visit from Santa!
The Welsh Autism Shows Success

The Welsh Autism Shows provide face to face access to the services, resources and provisions that are there to help individuals and families living with Autism, and the professionals that support them.

The inaugural Welsh Autism Show was held in Cardiff City Stadium on 28 September 2017. With over 50 exhibitors and 7 informative seminars, the show attracted over 1,200 visitors.

The show was opened by Richard Mylan and his son Jaco from the BBC Documentary ‘Richard & Jaco; My Life with Autism’. Once the show was under way a packed schedule of seminars began including “Special Education Needs”, “Lego based OT” and Michael Barton, a headline speaker on “Surviving at School and Succeeding in the Workplace”.

Visitors and exhibitors said that the show met and exceeded expectations on 85% of the post-show surveys. 82% rated the exhibitors as good & very good, and 81% said there was a great mix of talks, with the “TAD Talks - Inspiring Autism Stories” receiving the highest praise.

The dates for the 2018 Shows will be announced shortly. To get the latest information on dates and venues please sign up for info at www.thewelshautismshows.co.uk

Oshi’s World and KeyCreate’s Free Weekly Family Playgroup

In September 2017 KeyCreate and Oshi’s World joined forces to facilitate a weekly Tuesday morning Family Playgroup in Penarth.

“Oshi’s World is a fantastic charity who put a big emphasis on family and community initiatives. To be a linked to their charity is hugely rewarding and completely in-line with KeyCreate’s core principles. We were both interested in providing more for the local community of young children with life-limiting conditions and additional needs, and we have been enjoying providing our regular workshops at Oshi’s World’s Saturday Coffee Mornings, so it made sense to come together to provide the very best.”

Dave, KeyCreate

“We ensure those that attend are completely included and feel very welcome. The lovely families that come along help create a really positive environment. Parents can relax and enjoy a cuppa and chat while their child plays and has opportunities to socialise with other children. These connections come alive with Dave’s workshops.”

Anna, Oshi’s World

Using elements of music, drama and sensory activities, Dave tells stories and explores nursery rhymes with sensory resources and live music.

Regulars say they love the “chilled atmosphere” and opportunities for their child to be with other children; joining in with the music and singing.

Ty Gwyn Family Centre Celebrates 10 Years

Ty Gwyn Family Centre was opened in October 2007, offering specialist play for pre-school children and their parents/carers. We provide a friendly relaxed environment for families to pop in for a chat or to join in varied activities.

Ty Gwyn Family Centre celebrated its 10th anniversary with an Open Day on Thursday 12 October 2017.

We started the day with a Rubicon Dance session which was extended to some of the younger children throughout the school. In the afternoon some of the senior pupils joined in for the Steel Drum and guitar session with Wadah Pans and John the Music Man. The children all had an amazing time.

We had several organisations attending, sharing important information with parents, including Touch Trust, Sense, Flying Start, KeyCreate, Social Services and Cardiff Family Information Service.

A raffle draw took place, with proceeds going towards purchasing sensory toys for the Family Centre.

The event was a chance for past and present parents and children to re-unite and share their news. It was a very successful event which highlighted some of the wonderful things that go on in the Centre.

Our aim is to continue supporting parents, families and their children, to provide personalised support as well as give opportunities to develop skills lasting friendships and networking.

Mel and Pauline are two friendly faces ready to welcome you to the Centre.

Ty Gwyn Family Centre is open on weekdays in term time from 9.45am - 2.45 pm.

For more information please contact Ty Gwyn Family Centre: 029 2083 8604 www.tygwynschool.com/family-centre

Adapted Caravans in West Wales

In 2015, we were fortunate to be in a position to open our brand-new wheelchair friendly, adapted caravan on Haven Holiday Park, Kiln Park, Tenby, and delighted with the positive feedback we have had from families and carers who have had the opportunity to stay there.

In June 2017, we decided to open another adapted caravan at the lovely Haven Holiday Park, Quay West in New Quay, Wales. Both caravans are equipped to support families and carers, to care with the same facilities as at home. The standard equipment in each caravan consists of: high low profile bed with bumpers, shower commode chairs, mobile hoists, sensory lights in bedroom, video monitor intercom, plus more.

Autism Puzzles

Autism Puzzles (AP), provides a bespoke outreach service supporting families going through (and following) diagnosis of Autism. Through workshops, clinics, guest speakers, and family-fun sessions, we help those with Autism to understand the puzzle of the world whilst guiding parent/carers as they navigate the sometimes confusing world of additional needs provision and other support systems.

Our aim is to end the stigma surrounding Autism within society and empower families to achieve positive outcomes for themselves. With core staff all having autistic children, and many being autistic themselves, our insight and experience are invaluable to the families we support.

AP also expands on the Welsh Government Strategy to raise awareness of Autism in towns, cities and local communities across Wales by creating ‘Autism Champions’. We provide fun and interactive workshops, run and hosted by individuals and parents living with Autism. We offer organisations and businesses of all sizes (including schools) an opportunity to engage in continued professional development that will enhance the day-to-day experiences of thousands of autistic people. AP also provide Autism awareness assemblies tailored to pupils of all ages, from Foundation Phase up to Key Stage 3.
